P = Accredited for Pharmacists

T = Accredited for Technicians

The target audience is Pharmacists and Pharmacy Technicians.

All educational activities are knowledge (K)- or application (A)-based activities. (*See list below*)

## Educational Objectives

8:30 AM

### **“An Examination of Critical Public Policy Issues Facing Health-System Pharmacy”**

Joe Hill  
Director, Government Relations Division  
American Society of Health-System Pharmacists  
K-0167-0000-18-018-L03-P/T

#### Objectives (Pharmacists)

1. Describe the policy options to reform the 340B Program
2. Explain elements of the Health and Human Services blueprint to reduce drug prices
3. List at least one action ASHP has taken to prevent and mitigate drug shortages

#### Objectives (Technicians)

1. Describe the policy options to reform the 340B Program and the potential impact on pharmacy technicians
  2. Explain the impact of escalating drug costs on pharmacy departments with a focus on pharmacy technicians
  3. Describe the impact of drug shortages on pharmacy technicians
- 

9:45 AM

### **“Get Energized: Everyday Resilience Strategies”**

Megan Call, PhD  
Associate Director, Resiliency Center  
Office of Wellness and Integrative Health, University of Utah  
K-0167-0000-18-019-L04-P/T

#### Objectives (Pharmacists)

1. List 3 resilience strategies you are currently using or are interesting in trying
2. Define mindfulness
3. Employ the S.T.O.P. practice (a mindfulness technique)

#### Objectives (Technicians)

1. Define resilience
  2. Describe the difference between mindfulness and meditation
  3. List 3 resilience strategies you are currently using or are interested in trying
-

10:50 AM

**“Pharmacist-Provided Contraception: Coming to a Pharmacy Near You!”**

Karen Gunning, PharmD, BCPS, BCACP, FCCP  
Professor (Clinical)  
University of Utah College of Pharmacy  
Clinical Pharmacist, University of Utah Family Medicine Residency

Wilson Pace, PharmD  
PGY1 Pharmacy Practice Resident  
Intermountain Medical Center  
A-0167-0000-18-020-L01-P/T

Objectives (Pharmacists)

1. Describe approval process for pharmacist-provided contraceptives in the state of Utah
2. Identify key features and requirements established by SB 184
3. Differentiate between contraceptive methods to select the best option for each patient
4. Analyze the CDC Medical Eligibility Criteria for Contraception and integrate with patient specific information to develop an initial and follow up contraceptive therapy plan utilizing a specific contraceptive product

Objectives (Technicians)

1. Describe approval process for pharmacist-provided contraceptives in the state of Utah
  2. Identify key features and requirements established by SB 184
  3. Define role technicians will play in contraceptive provision process
- 

1:00 PM

**“Updated IDSA Guidelines for the Treatment of *C. difficile* Infection”**

Brian Hathaway, PharmD  
Antimicrobial Stewardship and Infectious Disease Pharmacist  
St Mark’s Hospital  
A-0167-0000-18-021-L01-P/T

Objectives (Pharmacists)

1. Evaluate and contrast new recommendations for drug treatment of *C. difficile* infection, particularly related to metronidazole and fidaxomicin
2. Summarize the evidence supporting those changes, with an emphasis on long-term outcomes
3. Formulate and defend a treatment recommendation to a provider, using the best available evidence from the new guidelines
4. Teach a patient about *C. difficile* risk factors, therapy options and possible results

Objectives (Technicians)

1. Describe the mechanism and impact of *C. difficile* infection
2. Identify medications in current use for the treatment of *C. difficile*
3. Explain why antibiotic use is the most important risk in developing this infection

---

2:05 PM

**“Immunization Updates for 2018”**

Eve Van Wagoner, PharmD, BCACP  
Primary Care Clinical Pharmacist  
University of Utah Health  
A-0167-0000-18-022-L06-P/T

Objectives (Pharmacists)

1. Differentiate between the two zoster vaccines and two hepatitis vaccines:
  - a. Zoster vaccine recombinant, adjuvanted (ZVR or Shingrix ®) and zoster vaccine live (ZVL or Zostavax ®)
  - b. Hepatitis B vaccine recombinant, adjuvanted (HBVRA or Heplisav-B ®) and hepatitis B vaccine recombinant (HBVR or Engerix-B ®)
2. Choose appropriate patients for administration of the ZVR and HBVRA
3. Schedule appropriate follow up injections for ZVR and HBVRA
4. Assess post-herpetic neuralgia symptoms and design appropriate treatment

Objectives (Technicians)

1. Identify appropriate patients to refer to pharmacist for possible ZVR or HBVRA vaccination
2. Arrange insurance coverage for and/or estimate cost of ZVR and HBVRA
3. Choose appropriate storage of herpes zoster vaccines
4. Select appropriate herpes zoster and hepatitis B vaccine for pharmacist review

---

3:10 PM

**“From Doom and Gloom to Chicka Chicka Boom Boom: Coping when Drug Shortages are a Hot Mess”**

Renee Pitt, PharmD, BCPS  
Drug Information Specialist, Drug Shortage Management Coordinator  
Intermountain Healthcare Pharmacy Services  
A-0167-0000-18-023-L05-P/T

Objectives (Pharmacists)

1. Evaluate who should be represented on a drug shortage advisory group
2. Differentiate between conservation strategies and restrictions
3. Formulate a standardized systematic approach when implementing a mitigation plan for drug shortages
4. Defend legal mitigation strategies during critical drug shortages

Objectives (Technicians)

1. Explain why a systematic approach is best-practice when implementing a mitigation plan for drug shortages
2. Devise specific action tasks performed by technicians that can mitigate drug shortages
3. Compare institutional-specific internal drug shortage information versus external drug shortage information

## Conference Details

**Registration:** Registration fees are discounted before August 13, 2018. To register, complete the registration form and pay by credit card (online only) or send a check to: USHP, PO Box 58356, Salt Lake City, Utah 84158. Payment by cash will not be accepted.

Space is limited! Register Early. Registration fee includes admittance to all programming, exhibits, and group meal functions.

Registrations received after the August 13<sup>th</sup> deadline or on site are subject to a \$30 additional processing fee.

**CE Credit:** To obtain up to 6 credits of continuing pharmacy education credit (0.60 CEUs), the participant **MUST** attend the conference, check in at the registration desk, and complete and submit the attendance and evaluation forms online *by the designated deadline*. All credit will be awarded through participants' CPE Monitor accounts. Credits will be uploaded within 60 days after the program.

**Cancellation Policy:** To receive partial or full refund, registrants must contact USHP in writing prior to August 13, 2017. Requests made after August 13<sup>th</sup> may not be considered.

**Exhibits:** The exhibit area offers an opportunity to learn about the latest from the pharmaceutical industry. Representatives from pharmaceutical manufacturers, wholesalers and others may be on hand to demonstrate new products and services.

**Special Assistance:** It is USHP's policy to comply with the American's with Disabilities Act. If you have any special needs or services while attending, please contact USHP no later than August 13, 2018 at [ushp@ushp.org](mailto:ushp@ushp.org).

**Parking:** Parking is complimentary and is located adjacent to the building. Directions to the facility will be available on the USHP website ([www.ushp.org](http://www.ushp.org)) prior to the conference.

**No grant funding has been sought for this educational program.**

The Utah Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.
